## BRYAN MOVEMENT TOO STRONG TO BE HEADED

New York Votes and the Bulk of Those of Pennsylvania Apparently Sure for Nebraskan.

Scene of Animation in Denver as Train After Train Rolls in With Delegates, Spectators and Bands.

Denver, July 5.—The convention throngs have been pouring into the city by every train today. It has been a noisy, boisterous Sunday, with bands escorting arriving delegations through the streets, with steadily swelling crowds in the hotel lobbies and with leaders and delegates buttonholing the new arrivals and holding private conferences on candidates and measures.

Most of the leaders and more than half of the delegates are now here, and the tide of humanity which comes to look on and cheer is now in full movement toward the city. The weather is almost perfect, warm, but not unbearable, with a clear sky and a brisk mountain breeze, just the sort of weather to bring comfort to a convention. Many of the delegates here embraced the opportunity of a Sunday trip to the nearby Rockies; others have enjoyed the more exciting diversions of tournaments, where houndie busters are presenting a picture of real western life.

**Auditorium Open to Public.**  
Tonight the crowds are turning to the splendid Auditorium where the convention will be held. The vast amphitheater is lighted and open to the public for the first time for a band concert, and the brilliant scene within the auditorium, hung with flags and packed to its full capacity, suggests the throngs which will soon gather for the convention struggles. A unique feature of the evening is the appearance of Charles A. Towne of New York, one of the leading vice presidential candidates, in the pulpit of the People's Tabernacle. But while these outward evidences of activity have been going on, the leaders who are shaping the affairs of the coming gathering have been holding frequent meetings in the upper chambers of the hotels arranging their final plans.

**Murphy Makes No Sign.**  
The chief interest of the day has centered in the movement of the "allies" to galvanize the opposition to Bryan into something like a definite and formal movement. But their best efforts, begun yesterday, have not been entirely successful. Chief Murphy of Tammany, on whom the hopes of the "allies" have been centered, will give no sign committing his forces against Bryan. He is too shrewd a politician for that when the tide seems settling toward Bryan. On the contrary, his lieutenants are passing the word around today that New York's vote will be for Bryan. However, the allied opposition still contend that the fight will be continued.

The Bryan managers have at no time shown any nervousness over the renewed activities of the "allies" and today Mayor Dahlman of Omaha, one of the Bryan chiefs, made a very definite statement showing the expectations of the Bryan forces. He expressed his views as follows:

**Only One Ballot.**  
"Mr. Bryan will be nominated on the first ballot."  
"The Bryan forces now control thirty-six delegations, and will have at least that many members of the committee on resolutions, and probably more."

The platform adopted will be in accordance with Mr. Bryan's personal views, and will express his well known ideas on all of the important political issues.

"Governor Charles N. Haskell of Oklahoma is now regarded as the leading candidate for the chairmanship of the committee on resolutions, but there are many other prominent men being mentioned for the place. It is needless to say that a loyal Bryan man will be chosen."

IGNATIUS J. DUNN, Who Will Nominate Bryan.

"The vice presidential question may be described as being 'in the air.' If the men who call themselves the old guard can unite on a strong eastern Democrat, the Bryan men will not show curiosity as to the attitude of their candidate toward Mr. Bryan in 1896 and 1900. If the eastern Democrats fail to set together on a man we will make a selection from a hundred available candidates, any one of whom would be satisfactory to Mr. Bryan."

**Utmost Confidence.**  
All of the Bryan men express the utmost confidence in their ability to carry out the program outlined by Mayor Dahlman. Charles W. Bryan, the brother of the Nebraska candidate, is looking after the Nebraska delegates as they arrive and is making the compilations of Bryan's strength. He said:

"Although we already have more than enough to carry out our program, there are still good seats on the band wagon."  
The arrival of delegations began early this morning and has been going on steadily all day, by all routes, from all directions, and by regular and special trains. One route reports twenty-seven trains, stalling the lines from Kansas City, and all the other lines are equally choked with the tide of travel. The local committee started an elaborate plan of reception today, with relays of brass bands, which welcomed each incoming delegation and escorted it to the hotel, while "band cars" were run over the street car lines giving street concerts.

**Morning Arrivals.**  
Among the morning arrivals were the Cook County Marching club, uniformed and hilarious with trim black suits, shining silk ties and natty canes topped with streamers. After them came the rough and ready Oklahomans, true products of the soil, with broad-brimmed sombreros, high boots and the stain of travel.

Delegations from Florida, Alabama and Iowa filed through the streets during the morning and later came delegations from South Dakota, Wisconsin, Pennsylvania, West Virginia, Maryland, Kentucky and Minnesota.

The Tammany braves, on several special trains, were anxiously awaited, but word came that they stopped off at Omaha to go to church. They will be here early tomorrow morning, about the time the Bryan home-cohorts arrive from Nebraska, including the crack organization from Lincoln, the Commercial Travelers' club, which is coming to lend vehemence to the Bryan demonstration. Many interesting convention figures are added as the delegations come in.

A picturesque personality to arrive was the fighting mayor of Cleveland, Tom L. Johnson, rotund and smiling, just up from a council with the leader at Lincoln. Others in the star groups were Governor Folk of Missouri, Senator Dubois of Idaho, who is here with an anti-Mormon fight involved in the Idaho contest; Senator Pettigrew, looking much the same individual as when he was a power in the United States senate; Senator James Smith, Jr., of New Jersey, also a power in Pettigrew's time, and Senator Overman of North Carolina.

A strange figure in these gatherings was ex-United States Senator Burton of Kansas, here after his tragic experience, to give new allegiance for the first time to the Democracy.

Quite a number of diplomats are expected tomorrow, and about the same time will arrive Mrs. Alice Roosevelt Longworth, the president's daughter, who will be an interesting figure on the convention platform next Tuesday.

## WILL NOMINATE BRYAN AT DENVER

Ignatius J. Dunn, a Brilliant Omaha Orator, the Man Selected.

(Special to The Herald.)  
Omaha, Neb., July 5.—Ignatius J. Dunn has been selected by the Nebraska delegation to the national Democratic convention at Denver to nominate William J. Bryan for president of the United States. Mr. Dunn is one of the four delegates-at-large selected by the Nebraska convention. He is an assistant city attorney of Omaha and has been identified with Democratic politics in his home state for twenty years. He is a strong supporter of Mr. Bryan, a brilliant orator and an attorney of high standing in Omaha. During the internal discussions which have marked the Democratic party from time to time he has managed to strike a happy medium, and now represents a united party in Nebraska. Unassuming and of a quiet disposition, Dunn is nevertheless considered equal to the occasion for which he has been selected. He has a well rounded, clear voice and will be able to make himself heard in all parts of the big auditorium.

"Fifteen minutes is long enough to nominate anybody," says Dunn. "I do not expect to take more than ten. If the Denver convention displays any of the characteristics of the Republican gathering at Chicago, I am liable to be howled down for trying to talk that long, and I don't want to take any chances."

Mr. Dunn is practically unknown outside his own state, but he has been victorious in many political struggles in Omaha and in Nebraska, and is known as a fighter. He is still a young man. He takes the honor of nominating William J. Bryan modestly, but his friends expect to put plenty of ginger into his address.

## BISHOP POTTER MAY LIVE

Physicians Encouraged Over Favorable Symptoms—Latest Bulletin Is Hopeful.

Cooperstown, N. Y., July 5.—With each succeeding hour hope brightens for the recovery of Bishop Potter, who is seriously ill here from a complication of stomach and liver troubles. His physicians tonight believe that his improved condition warrants a decided hope for a favorable outcome of the case. Dr. Janvyn issued the following bulletin today:

"The improvement in Bishop Potter's condition continues. Respiration 28; pulse 108; temperature 99. Has had a pretty comfortable night, and is resting quietly at the present time and the indications point to still more improvement. Dr. Bassett's hearty co-operation in carrying out his treatment has been most valuable and at my suggestion yesterday afternoon Dr. Henry Hun of Albany came in consultation and, approving the treatment in every particular, presented a decided hope for a favorable issue of the case. (Signed) G. E. JANVYN, M. D."

## FIGHTING IN KOREA.

Japs Expect to Control the Situation in Thirty Days.

Tokio, July 5.—Advices from Seoul, Korea, say that the campaign against insurgents continues unabated throughout the disturbed region. Reports of minor engagements received daily at army headquarters show that the losses of the insurgents are approximately thirty every day. There have been some six or eight engagements in different sections.

The reports, however, indicate that the insurgent activity is diminishing since the arrest of a number of leaders.

It is believed that the insurrection will be practically quelled within thirty days.

## EVANGELIST DEAD.

Joplin, Mo., July 5.—Simpson Ely, an evangelist who had conducted services in every state in the union, died tonight from injuries received this morning in a fall from a street car while he was on the way to deliver a sermon. He was 55 years old.

## CONFERENCE AT HOT SPRINGS, VA.

Plank Drawn by Former Mayor Dunne of Chicago Said to Be the Model.

Hot Springs, Va., July 5.—Senator Murray Crane and Representative Lawrence of Massachusetts arrived here today and are the vanguard of the coterie of political leaders who will confer with William H. Taft, the Republican nominee for the presidency, on political matters, and especially on the question of selecting a chairman and a treasurer for the Republican national committee, before the meeting of the executive committee next Wednesday.

Mr. Taft stated today that Senator Beveridge and Representative McKinley of Illinois will be here tomorrow and that between them and himself, and Representative Hemenway of Indiana and Representative Watson of that state will be here Wednesday. None of these leaders of the party is a member of the executive committee, so that their suggestions and advice will be given before the meeting of the men who are charged with the selection of a chairman and the determination of other important matters concerning the coming campaign.

Mr. Taft in calling upon prominent Republicans to confer with him is in line with his statement today that he would bring in many leaders of the party for conferences from time to time.

## GOVERNMENT TIPPED OVER

Revolutionists in Paraguay Successful and Vice President Made Chief Executive.

Buenos Ayres, July 5.—Advices received today state that the revolutionists have been victorious in Paraguay and that a new government has been established. These advices have been confirmed by a dispatch received by the minister of foreign affairs of the Argentine legation at Asuncion, officially notifying the minister that the revolutionary party had succeeded in overthrowing the Paraguayan government, and that several of the Paraguayan ministers of state had taken refuge in the legation. The revolutionists have appointed as president Dr. Emilio Gonzalez Navarro, a leader of the government which has just been ousted.

Fighting has been proceeding in the Asuncion district for some days past and many of the public buildings have been seriously damaged. Previously estimates of the killed and wounded, however, have been exaggerated, and it is now believed that the number will not exceed five hundred. It is expected that telegraphic communication with Asuncion will be restored tomorrow.

## ALICE AND NICK.

The Longworths En Route to Democratic Convention.

Omaha, July 5.—Congressman and Mrs. Nicholas Longworth, as guests of M. McCormick, publisher of the Chicago Tribune, en route to the Yellowstone park, with an incidental visit to Denver to see the Democratic national convention.

The Michigan delegation to the convention arrived at the union station at about the same time, and when the presence of the president's daughter and her husband, they surrounded the private car in which they were traveling and cheered them vigorously.

After the delegates got through cheering for him they called for a speech, to which the congressman was compelled to respond in a few words, in which he told them that he was "for Bryan—for the nomination—just as much as you are."

## ROOSEVELT AT CHURCH.

Oyster Bay, July 5.—President Roosevelt with his family drove in from Sagamore Hill today and attended morning services at Christ church, which was conducted by the Rev. Henry H. Warburton. The president spent the rest of the day quietly at his home.

## VIEWS OF BRYAN ON INJUNCTION

Republican Leaders Aiding Taft in Selection of a Chairman.

Omaha, July 5.—The Chicago delegates to the Denver convention passed through Omaha this afternoon. The following injunction plank, drawn by former Mayor Dunne of that city, was given out. It was said that Mr. Bryan has requested Judge Dunne's membership on the resolutions committee, so it is believed this plank represents Mr. Bryan's views:

"The right of a court of chancery to interfere and protect the status quo between litigants is unquestioned, but no writ should be issued ex parte and without notice except where it is clearly made to appear that irreparable injury will result unless the writ issue immediately and without notice, and in such cases the motion to dissolve such injunction should take precedence of all other legal business in the court issuing such injunction, and shall be heard and determined before any business is considered in such court. In all cases where injunctions are issued, with or without notice, an ample bond shall be exacted of the plaintiff, sufficient to cover all damages resulting to defendant from the issuance of such a writ, including reasonable attorney's fees incurred in moving to dissolve such writ, in all proceedings for contempt for violation of an injunction enjoining the commission of any act which by the common law or by statute is made a crime and which is not committed in the presence of the court. The defendant shall be entitled to a jury trial upon the issue of fact as to whether or not he has committed such crime and thus violated such injunction. We favor the passage of a law amending the chancery practice so as to secure these results."

## CANDIDATE IS IN PRISON

Martin R. Preston of Goldfield, Nev., Nominated by Socialist Labor Party.

New York, July 5.—Candidates for president and vice president of the United States were nominated and a platform was adopted by the national convention of the Socialist Labor party here today. The ticket named is as follows:

For President—Martin R. Preston of Nevada.

For Vice President—Donald Munroe of Virginia.

The nomination of Preston for president was unanimous. The candidate was placed in nomination by Daniel DeLeon, who characterized the man he was naming as "an honest workman; not a professional workman," and added:

"The name of that man is Martin R. Preston and he is now in jail at Goldfield, Nev. Preston is in jail today for conduct that is honorable and which no workman should be ashamed of."

DeLeon explained that Preston had been sentenced to twenty-five years' imprisonment for a striking strike-keeper in Goldfield three years ago during a strike. Preston, DeLeon asserted, had acted as a "protection racketeer" and by so doing his action endangered a restaurant keeper named Silver. Silver, Mr. DeLeon said, was shot by Preston while threatening to kill the latter.

The platform is identical with one adopted by the party four years ago and declares for the substitution of the cooperative commonwealth for the present state of plantless production, industrial war and social disorder.

## FUNERAL RITES.

Del Monte, Cal., July 5.—The rites of the Episcopal church funeral services over the remains of Rear Admiral C. M. Thomas, retired, who died here Friday night, were held today. There were many naval and army officers present to pay their respects to the departed sailor, and Del Monte chapel was buried in floral pieces sent from San Francisco and other points.

Tomorrow the body will be shipped east for interment. The widow, son and daughter will accompany it.

## MORMON PROBLEM NOT A LIVE ISSUE IN DENVER

Democratic National Platform Will Not Carry a Plank Aimed at the Latter-Day Saints.

Dubois and His Delegates Likely to Be Seated—Utah Delegation in High Favor and Doing Good Work.

(Special to The Herald.)  
Denver, Colo., July 5.—There will be no plank aimed directly or indirectly at the Mormon church in the Democratic national platform. This much of the platform has been settled with practical unanimity. The plank adopted four years ago at the St. Louis convention, though it only asserted in a milder form what it contained in the constitution of Utah, will not be reaffirmed. Neither will it be amended. The questions of polygamy and union of church and state are not live ones in Denver this year.

Judge Powers, it has been decided, is to make one of the seconding speeches for Mr. Bryan. Even if the number of seconds is limited to five, the plan is for Judge Powers to be one of the number.

## Dubois Likely to Win Seats.

Former Senator Dubois of Idaho is making a strenuous effort to beat the contestants for that state, and many experienced observers believe that Dubois' wide acquaintance with national convention policies will enable him to win over his less skilled opponents. Dubois has observed the hostility to a Mormon plank among the delegates, and has expressed himself as willing to let reaffirmation of the St. Louis plank go if only he and his delegates can be seated. It is practically certain that Mr. Dubois and his delegation will be obliged to content themselves with this half loaf.

## His Most Telling Point.

A proposition has been under consideration to seat both delegations with a half vote for each delegate, but this plan is generally believed to have failed. Dubois, in a speech to the Illinois delegates this afternoon, made his most telling point: "At first the contestants said they were badly treated. Now they say that a majority of the convention bolted. Did you ever hear of a majority bolting?"

Much of the sentiment against a Mormon plank is the result of the work of Judge King, Utah member of resolutions committee, and Judge Powers, who has spent several days here assisting in the general work of preparing for the convention.

## One on Frank Stephens.

There was joy and amusement at Utah headquarters this evening when Judge King received a telegram from Frank B. Stephens reading: "I oppose reference to polygamy in national platform. Martineau has letter of reasons." The purpose of the message, after some debate, was decided to be a reference to polygamy in national platform. Judge King's permission to reply in his name to Mr. Stephens as follows: "I insist on polygamy plank. Intend also to vote for Johnson." Judge Powers believed that this message would be a fitting reply.

Judge King is absolutely assured this evening there will be no such plank as mentioned. The sentiment of the national committee is hostile to it, and the state delegations are yielding to his representations.

## Some Idaho Figures.

John Nugent, head of the Idaho contesting delegation, believes that his crowd will be seated, as he gave out a long statement to the press association yesterday embodying what he believed to be a perfect case. "We had no hearing at Twin Falls," said he today. "Here we will have one. An impartial jury cannot but decide for us. Had there been any purpose of fairness, the contesting delegation would have been seated at Twin Falls. According to the Dubois figures, after the roll call had been fixed by the Dubois state committee. The test vote on chairman stood, McKinley, 148; Perky, 132. Fremont county with twelve votes; Oneida, with four; and Bear Lake, with two, were thrown out on fictitious contests. These eighteen votes would, if counted, have given Perky a majority of two. In addition to the above mentioned votes, the following were counted for McKinley: The Dubois men state a vote in Idaho county and one member of the Owyhee delegation voted for McKinley in the face of the Owyhee convention declaration in favor of the elimination of a religious test in politics. David L. Evans of Oneida county was a member of both delegations, the regular and the contestants. Surely he should have been permitted to vote, but he wasn't. In all seventeen votes were improperly counted for McKinley. So that we were unfairly treated in two ways. If the Dubois men had only robbed us of our legitimate votes, we would have won if the Dubois people had limited themselves to counting votes improperly for McKinley."

## Utah Headquarters.

The Utah delegation has opened headquarters in a spacious room in the Albany hotel that has already become a Mecca for visitors. The delegates are pretty well scattered over town. Judge King is in the residence section, Mr. Stephens is at the Carlton, Mr. Hayward, National Committeeman Nebeker, Brown Palace; Samuel Newhouse, Brown Palace.

The Dubois delegation from Idaho is at the Brown Palace. The anti-Dubois delegation are occupying their cars and have opened headquarters in the Carlton hotel.

Judge King and Judge Powers were guests this morning at a semi-official inspection of the state of the National Committeeman Osborne of Wyoming, who has been in charge of the arrangements for the convention, was the host. Besides Mrs. Osborne and the two Utah contestants, were present Charles Bryan, brother of Mr. Bryan, and Mr. and Mrs. Williams of Kentucky. Among the Utah people already in town are Major R. W. Young, Ogden Hiles and John Condon.

## KING OPPOSES DUBOIS.

Utah Man Says Mormon Question Is a Dead Issue.

(By Associated Press.)  
Denver, July 5.—Conservatism has been the prevailing note of the discussion on the subject of the national Democratic platform today. This discussion has been indulged in freely among prospective members of the resolutions committee, as well as among leaders of the party generally, as Mr. Bryan has been quoted as being in harmony with the idea.

The one radical plank which seems to be conceded will go into the document will be the expression on the subject of injunctions as applied in labor disputes. Those who opposed the national committee are conceding that their influence will not be potent to prevent the adoption of a plank which will pledge the party to an amendment of the law which will make notice of the issuance of a preliminary injunction imperative; also that provision will be made for hearing of the case before a different judge than

## AERONAUTS HAVE NARROW ESCAPES IN CHICAGO TO OCEAN BALLOON RACE

One Dropped Into Lake Michigan and Another Into Bay of Quinte—Fielding the Winner.

Chicago, July 5.—The "Chicago-to-ocean" balloon race ended tonight when the last of the nine contestants came to earth at West Sheffield, Quebec, 800 miles from the starting point. This craft was the Fielding, owned by F. J. Fielding of San Antonio, Tex. It covered approximately 100 miles more than its nearest competitor, and is also believed to have captured the prize for the balloon which remained in the air the longest.

The contest was marked by several thrilling escapes from drowning. The Ville de Dieppe dropped into Lake Michigan soon after the start, and after an hour or more Colonel A. E. Mueller and George Schoenck, its pilots, were swept across the surface of the lake, finally arising with their craft to a height of 7,000 feet, from which they descended at Benton Harbor, Mich.

A similar experience fell to the lot of C. H. Perrigo and J. D. Case, the crew of the Illinois. While endeavoring to effect a landing near Lake Ontario their balloon fell in the Bay of Quinte. The aeronauts had donned life preservers and managed to keep afloat until a yacht put off from Glen Island and rescued them. The fate of their balloon is not known here. Perrigo's message to his family stating simply that he and Case were safe.

The third serious accident took place near Clinton, Ontario. The balloon Columbia would be controlled by Captain M. Peterson and C. H. Leichter and they were dashed against wire fences. Both men were painfully injured.

The landing places of the nine balloons were: Fielding, West Sheffield, Quebec; America, Carsonville, Mich.; King Edward, Port Huron, Mich.; Chicago, Atwood, Ontario; United States, Pinkerton Station, Ontario; Columbia, Clinton, Ontario; Illinois, Clinton, Mich.; Illinois, Glen Island, Ontario; Ville de Dieppe, Benton Harbor, Mich.
